

Institution Name: University of Louisiana Monroe

Program Type: Radiologic Technology

Degree Type: Bachelor's of Science Degree

Program Effectiveness Data

The following is the most current program effectiveness data. Our programmatic accreditation agency, the Joint Review Committee on Education in Radiologic Technology (JRCERT), defines and publishes this information. The information can be found directly on the [JRCERT webpage](#).

Credentialing Examination: The number of students who pass, on the first attempt, the American Registry of Radiologic Technologists (ARRT) certification examination, or an unrestricted state licensing examination, compared with the number of graduates who take the examination within six months of graduation. The five-year average benchmark established by the JRCERT is 75%.

Credentialing Examination Rate	number passed on 1 st attempt divided by number attempted within 6 months of graduation
Year	Results
Year 1 - 2018	18 of 21 - 86%
Year 2 - 2019	21 of 22 - 95%
Year 3 - 2020	15 of 19 - 79%
Year 4 - 2021	21 of 24 - 88%
Year 5 - 2022	17 of 20 - 85%
Program 5-Year Average	92 of 106 - 87%*

Job Placement: The number of graduates employed in the radiologic sciences compared to the number of graduates actively seeking employment in the radiologic sciences within twelve months of graduating. The five-year average benchmark established by the JRCERT is 75%.

Job Placement Rate	number employed divided by number actively seeking employment within 12 months of graduation
Year	Results
Year 1 - 2018	18 of 18 - 100%
Year 2 - 2019	17 of 19 - 89%
Year 3 - 2020	14 of 15 - 93%
Year 4 - 2021	19 of 19 - 100%
Year 5 - 2022	16 of 16 - 100%
Program 5-Year Average	84 of 87 - 97%

Program Completion: The number of students who complete the program within the stated program length. The annual benchmark established by the program is 80%.

Program Completion Rate	number graduated divided by number started the program
Year	Results
Year 1 - 2022	20 of 25
Annual Completion Rate	80%

*This differs from the 100% pass rates published on the program webpage because the program effectiveness data only considers the first attempt at the National registry. Students are allowed three attempts after graduation.
